

Please delay action on altering the rules governing the number of media outlets that can be owned by a single entity. It would be a disgrace and an affront to the democratic process for the FCC to proceed with a vote at this time, as I believe that the new rules you are considering are not in the public interest, but rather in the interest of big media conglomerates. I'm also troubled by your refusal to share the 250 pages of the proposed plan with the U.S. Congress and the public prior to the FCC's vote. Please do not enact these new rules, and delay your vote so that there is sufficient opportunity to understand and comment on these rule changes.

Thank you
